### A guide to our Fairies & Fishermen Photo session

This is very exquisite photo experience, so we want to make sure you & your child/ren have a relaxed fun photoshoot.

The session lasts up to 1 hour and includes a mixture of poses and natural shots.

The session can be for 1-4 people as this is a special set up with limited space we will do a selection of individual shots of each person & a few group ones too.

We have a large selection of dresses for the girls from age 1 up to adult sizes we do ask if an adult is taking part to check we have a suitable dress as the choices are more limited for adults.

You can bring your own dress/es to use rather than ours we really don't mind.

We also have a selection of headbands, props and magic sparkles to add to the fairy experience.

We use both feather wings & digital wings, therefore if your child doesn't like the feathers that's not a problem as we can add the wings afterwards.

For boys we advise bringing your own jean's shorts, cords, dungarees etc. as we don't stock these however we do have a selection of braces, hats & props to add to the sense of fishing or forest fun.

We recommend no more than 2 changes to get the best from your session if there is only 1 person taking part, if more than 1 we recommend 1 outfit due to time limitation.

Our set up is made up of real tree bark so please bear in mind that it can mark clothes so don't bring anything that is precious although we do our best to protect the clothing we cannot be responsible for any damage or stains etc.

A little safety advise, please be aware what looks like water is actually a mirror which is covered with a protective plastic sheet which does protect everyone from any little accidents.

We do ask though that you help to guide your children around this area which is a very small part of the set and point out they must not stand in this area.

All we want to do is capture this magical moment in a special image for you.

We ask you to arrive 10 minutes early to give you a chance to browse our dress & prop selection.

We have refreshments available to keep you hydrated throughout your session and a toilet.

### After your session

Our digital artists will edit your images within 7-10 days of your session adding a little bit of magic.

To view the images there is 2 options.

1. View in the studio, we will schedule an appointment suitable for you from 7 days after your initial session

2. You can view online at home from our secure password protected online gallery for this we do require a £20 deposit which comes off any order which is placed from this session.

The images will go online for 48 hours within 10 days of your session

We will then contact you for your chosen image for your frame and see if you would like to order any further products or feel free to call us or order online.

You can give the password to anyone you would like to see the images while they are online, however we only give it too you so anyone asking will be directed back to you.

If you have any further questions please do not hesitate to get in touch.

We aim for you to enjoy your experience with us and I know you will cherish these images forever.

We look forward to your visit.

The team at Northumbrian Photography

Our cancellation policy

We know things come up last minute so if you cancel with more than 24 hours' notice we will just reschedule this for you, however if you cancel your appointment within 24 hours we will still honour your session however we do need to take a £20 booking fee on rescheduling which comes off any order placed this just covers our costs for staffing etc. as we wouldn't be able to fill your appointment
